Walkera QR X350 PRO - GPS FPV RC Quadcopter С Дево F7

Basic version: remote control, long flight time, super stable aerial photography	FPV1 Pro version: FPV All in one solution High Cost Performance	FPV2 Pro version: FPV HD long range solution	WiFi version: Wifi HD remote image transfer
DEVO 10 control range: 2km Flight time: 25mins Standard set: G-2D Gimble	FPV image range: 250m DEVO F7 control range:1km Standard set: G-2D Gimble(w iLook)	FPV image range: 1.5-2km DEVO 10 control range: 2km Optional: Fatshark goggle	WiFi image range: 400M DEVO 10 control range: 2km

Professional 10 channel
Radio makes control range reach 2km

Equipped with professional gimble,
support iLOOK / Gopro Hero3 /
Sony (HDR-AS30V)

DEVO-M is a Multi-Axis control platform
Designed for aerophotograhpy hobbyiest

High capacity battery makes
flight time 25 mins

5.8Ghz image transmission range reach 2km

2. 4G WiFi HD transmission
image range reach 400m

Latest GPS Control System Super Stable.

Adopt the Newest Core Processing Technology , When the Throttle Rocker Set Back To Middle Position , Copter

Position hold	**Operation**	**Aerial**
More Stable	More Convenient	Easier

Longer Flight Time

Adopted large capicity lipo battery 5200mAh
Easy mantenance , Safe and Reliable .
Flight time up to 25mins.

5200mAh	**316grams**	**25mins**
3S Li-Po Battery	Convenience	Flight time

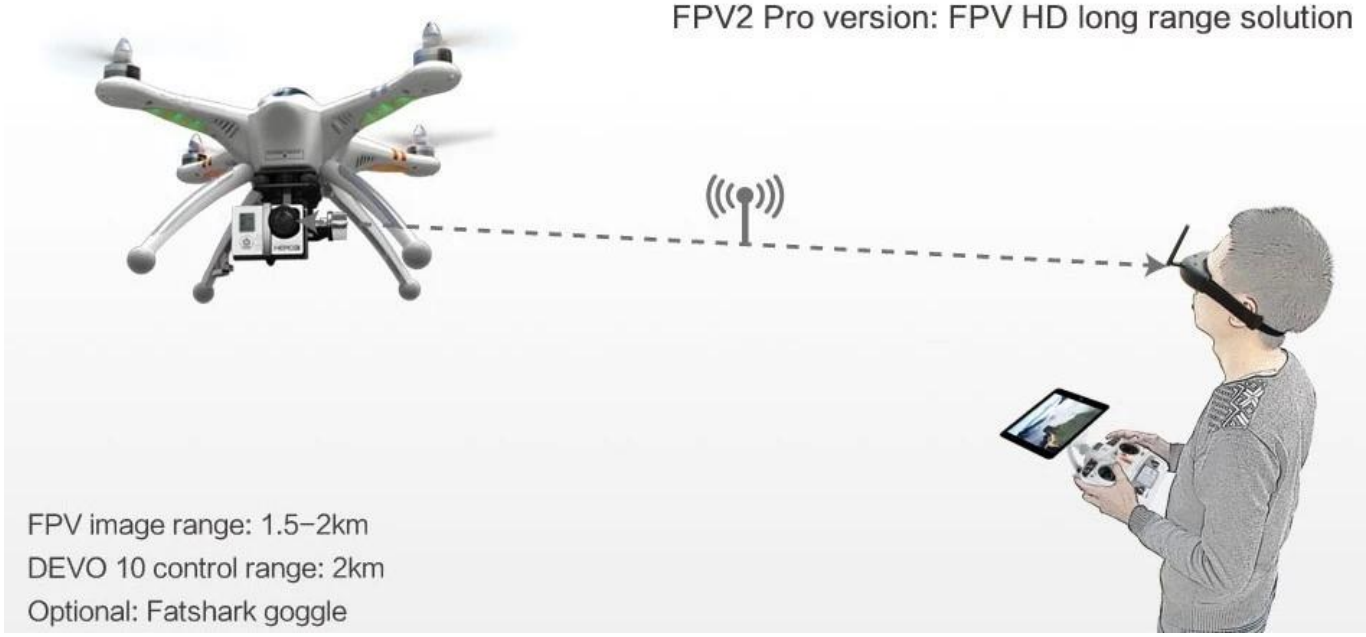
QR X350 Pro Specs

• Main Rotor Diameter: 556mm	• Length: 289mm
• Main Rotor Blade Length: 206mm	• Width: 289mm
• Brushless Motor spec: WK-WS-28-008A	• Height: 200mm

FPV1 Pro version: FPV All in one solution
High Cost Performance

With DEVO F7, the live video range reach 250m, control range 1K.
The iLOOK FPV camera can reach stablity and
high definition image transmission.

FPV2 Pro version: FPV HD long range solution



FPV image range: 1.5−2km
DEVO 10 control range: 2km
Optional: Fatshark goggle

WiFi version: Wifi HD remote image transfer

WiFi image range: 400M
DEVO 10 control range: 2km

DEVO 10

Professional 10 channel Transmitter
Control range:2km

- Control range: 2km
- 10 channel multifunctional settings
- Helicopter and Airplane (Airplane for MultiRotor)
- multi languages optional
- both auto code binding and fixed code free settable
- 4 stick modes switchable
- Telemetry function
- USB update online

Product Specs	Package Specs	

Specs	Main Rotor Diameter	556mm
	Main Rotor Blade Length	232mm
	Length x Width x Hight	289 x 289 x 205mm
	Brushless Motor spec	WK-WS-28-008C
	Brushless ESC spec	WST-15A(G/R)
	Receiver	RX703 (DEVO 7/10) | RX703A (DEVO 7/10/F7)
	Transmitter(option)	DEVO 7 / 10 / F7(5.8G)
	Battery	11.1V 5200mAh LiPo
	Flight time	25mins
	GPS control system	DEVO-M
	Control range	1km-2km
	Video Range	500m-1km
	Flying Weight	≤1350g
	Brushless Gimble(option)	G-2D
	5.8G camera(option)	iLooK
Charger & Battery Specs	Charger Input Voltage Range	100-240V
	Current Output	0.8A
	Current Input	15-18V ⎓ 1A
	Battery Compatible	7.4V / 11.1V
	Battery Type	Lipo
