

parametri del prodotto

UNecessori:1-Drone; 1-controllore; 1-Manual

cavo di ricarica 1-USB, 4-Blades

Rbatteria del emote:4 / 1,5 V AA

Bmateriali atteria:batteria Li-Po /3.7V / 700MAH

colore del prodotto:nero verde-

formato della scatola di colore:45 * 11 * 35,5

Taglia del prodotto:40 * 40 * 10

Cinformazioni harging:caricabatterie USB

Clettore ARD:sì

Frequency: 2.4G + 5.8G

Tempo di ricarica: 60 MIN

Pixel della macchina fotografica: 0.3 M, 2 M

Scheda di memoria: 4 g

volo Min (telecomando) tempo (in inglese): & gt; 5 minuti

Volo (telecomando) da m (in inglese): 150 m

REH53 1331

SKY HAWK RC drone with 5.8GHz FPV+2.0MP

- Headless mode
- A key return
- Set high mode
- HD aerial

The fuselage size

Referring mechanics lightweight design

Headless mode

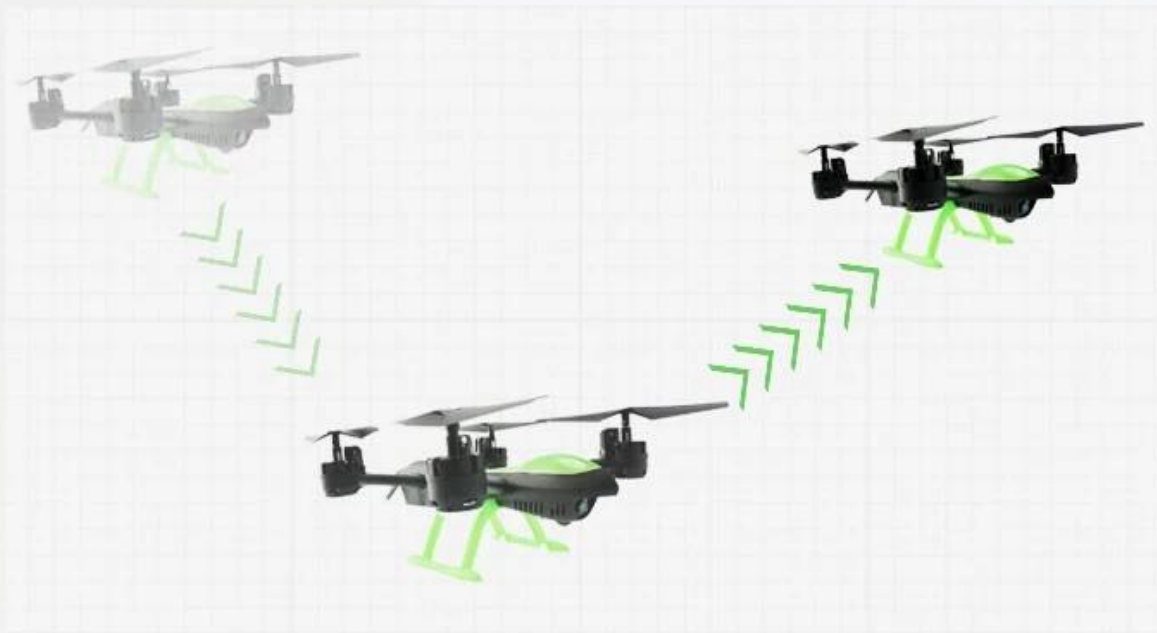

More relaxed, more free full flight.

Change direction at any time and place, the flexible flight.
