

parametry produktu

ZAKCESORIA:1-Drone; 1-Controller; 1-Manual

Przewód ładowania 1-USB, 4-Blades

RBateria sterowania Emote:4 / 1.5V AA

bmateriały attery:Akumulator Li-Po /3.7V / 700mAh

kolor produktu:zielono-czarna

color box rozmiar:45 * 11 * 35.5

Rozmiar produktu:40 * 40 * 10

doharging informacji:ładowarka USB

doard czytnik:tak

farequency: 2.4G + 5,8g

Czas ładowania: 60 min

Aparat: 0,3 M pikseli, 2 M

Karta pamięci: 4 g

Lot min (pilot) Czas (w języku angielskim): & gt; 5 minut

Lotu (pilot) od m (po angielsku): 150 m

REH53 1331

SKY HAWK RC drone with 5.8GHz FPV+2.0MP

- Headless mode
- A key return
- Set high mode
- HD aerial

The fuselage size

Referring mechanics lightweight design

Headless mode

More relaxed, more free full flight.

Change direction at any time and place, the flexible flight.

Fixed high mode

In altitude hold mode (high) mode the motherboard will automatically control the throttle, so as to maintain the same.

One key to return

According to internal stored in the controller, the recovery in the opposite direction in accordance with the flight path.

0.3MP

5.8GHz FPV 0.3MP camera
Give you a different visual enjoyment

Wing Toughness

The plane can be stable even in strong winds

Remote controller

Remote control distance of 150 m

- Comfortable
- Sensitive

configuration

- 1 *SKY HAWK
- 4 *propeller
- 1 *remote controller
- 1* card reader
- 1 *USB charger
