

1/8 scale Nitro Power off-Road Buggy TPGB-10081

BAZOOKA was initially came into the market in 2004, it has went through BAZOOKA first, second and third generation. The BAZOOKA have been improved a lot by now, the Car is in extreme perfect condition and the quality is very steady .

The all around the world customer gave a high praise on the car. BAZOOKA Spare Parts are sold in all retail stores in our country. It has the competitive price , but the technology is much superior than the other Buggy. We produced a series of the Parts and Upgradable Optionals on the basis of BAZOOKA to meet RC Fans requirements.
