

parâmetros do produto

UAccessórios:1-Drone; 1-Controller; 1-Manual

cabo de carregamento 1-USB; 4-Blades

Rbateria do controle emote:4 / 1.5V AA

Bmateriais aterial:bateria Li-po /3.7V / 700mAh

cor do produto:preto verde-

Tamanho da caixa de cor:45 * 11 * 35,5

Tamanho do produto:40 * 40 * 10

Cinformações harging:carregador USB

Cleitord:sim

Frequência: 2.4G + 5.8G

Tempo de carregamento: 60 MIN

pixels da câmera: 0,3 M, 2 M

Cartão de memória: 4 g

voo min (controle remoto) tempo (em Inglês): & gt; 5 min

Flight (controle remoto) a partir de m (em Inglês): 150 m

REH53 1331

SKY HAWK RC drone with 5.8GHz FPV+2.0MP

- Headless mode
- A key return
- Set high mode
- HD aerial

The fuselage size

Referring mechanics lightweight design

Headless mode

More relaxed, more free full flight.

Change direction at any time and place, the flexible flight.

Fixed high mode

In altitude hold mode (high) mode the motherboard will automatically control the throttle, so as to maintain the same.

One key to return

According to internal stored in the controller, the recovery in the opposite direction in accordance with the flight path.

0.3MP

5.8GHz FPV 0.3MP camera
Give you a different visual enjoyment

Wing Toughness

The plane can be stable even in strong winds

Remote controller

Remote control distance of 150 m

- Comfortable
- Sensitive

configuration

- 1 *SKY HAWK
- 4 *propeller
- 1 *remote controller
- 1* card reader
- 1 *USB charger
