## PACKING & PARTS

817C, Remote control, USB charger, USB line, Main Propeller, Tail blade.

## Спецификация

Батарея вертолета: 3.7V 300mAh Li-батареи (в комплекте)

Передачик батареи: 6 \* 1.5V AA батареи (не включены)

Режим Зарядное устройство: USB зарядное устройство

Время зарядки: 60 минут

время полета: около 7 минут

Расстояние дистанционного управления: около 10 метров

Подходит для возраста: 14 лет +

## Что включено

1 x вертолет

1 x передатчик

1 x USB линия

1 x Английский инструкция

1 x Лезвие А / В
